EDUCATION

Rajkiya Engineering College Ambedkar Nagar

Ambedkar Nagar, India

Bachelor of Technology in Information Technology, Expected Graduation: 2026

2022 – 2026

- Relevant Coursework: Data Science, Machine Learning, Algorithms, Web Development, Database Systems

TECHNICAL SKILLS

Languages: Python, C/C++, JavaScript, HTML/CSS, PHP, SQL (MySQL)

Frameworks & Libraries: React, Node.js, Flask, Bootstrap, TensorFlow, scikit-learn

Technologies: Machine Learning, Deep Learning, CNNs, Data Science, REST APIs, Git, WordPress

Tools: Google Gemini API, Kali Linux, MS Excel, Jupyter Notebook, VS Code

EXPERIENCE

Web Development Intern

Oct 2023 – Nov 2023

Codsoft

Remote

- Built responsive web applications using HTML, CSS, JavaScript, and React with cross-browser compatibility
- Developed RESTful backend services using Node.js and implemented data persistence with MySQL
- Collaborated with team to deliver 3+ full-stack projects within tight deadlines during 4-week internship

PROJECTS

Deepfake Detection System

Feb 2025 – Present

- Developing CNN-based deepfake detection system using TensorFlow and Python to identify manipulated media
- Implemented Grad-CAM visualization for model interpretability, providing explainable AI predictions
- Designed full-stack application with Flask backend and responsive JavaScript frontend for real-time detection

Chatbot Using Gemini API

Mar 2025

- Built interactive chatbot leveraging Google Gemini API for real-time query processing and conversational AI
- Implemented natural language understanding to provide accurate, context-aware responses with low latency
- Designed user-friendly interface with seamless API integration for enhanced user engagement

Sports Council Website

Nov 2024 – Dec 2024

- Developed responsive website for REC Ambedkar Nagar Sports Council using HTML, CSS, and JavaScript
- Integrated natural language processing features to provide conversational user interactions
- Optimized site performance achieving 95+ Google Lighthouse score for accessibility and performance

LEADERSHIP & ACHIEVEMENTS

Head, Council of Student Activities: Led college-wide cultural, technical, and sports events at REC Ambedkar Nagar, coordinating between 500+ students and faculty to execute 15+ major events annually

Machine Learning Certification: Completed IBM Machine Learning with Python (Coursera) with 93.57% grade, mastering supervised/unsupervised learning, regression, classification, and clustering algorithms

1st Place, Volleyball Tournament: Won gold medal at 'Tvaran' National Level Sports Fest organized by KNIT Sultanpur, demonstrating teamwork and competitive excellence

AI Certification: Earned Artificial Intelligence (AI) Primer Certification from Infosys Springboard, Oct 2024
